Polish - Native

English - B2

SOFT SKILLS

Time Management
I like to have my day planned out in advance to maintain productivity and minimize unexpected disruptions.

Problem Solving
I enjoy working on problems that require me to think outside the box, finding solutions that can't be simply found online.

Team Work
I find that I can effectively work with others to achieve common goals, and come up with solutions as a team.

PROJECTS

RECIPE SHARING PLATFORM
Fullstack .NET MVC, MongoDB

A recipe-sharing platform with user submissions, dynamic content, and community interaction.

https://github.com/maggyy666/GoodFoodMVC

VEHICLE PRICE PREDICTOR
Python, Selenium, Pandas, Scikit-Learn

Automates car price prediction via web scraping and machine learning.

https://github.com/maggyy666/MLVehiclePriceAdvisor

RAIL JOURNEY PLANNER
WPF, XAML, SQLite, C#

Streamlines railway ticket booking through intuitive interface and efficient search functionalities.
